

Over 75 Years of Service Excellence

OVERVIEW

TEi Struthers Services, a division of Thermal Engineering International (USA) Inc., a Babcock Power Inc. company, provides a full range of heat transfer products and services, fully-trained and certified maintenance personnel, and operates with a mission of customer service.

TEi Struthers Services provides unparalleled emergency repair services, utilizing a 75-year history in the design and manufacture of condensers, feedwater heaters and heat exchangers. Our code -certified welders and skilled technicians provide a wide range of emergency and planned services for ALL of your heat transfer equipment, regardless of make or model.

EMERGENCY REPAIR SERVICE

Our skilled technicians are available 24 hours/day, 7 days/week and 365 days/year to serve all your emergency services needs.

DESIGN, MANUFACTURING, INSTALLATION AND MODIFICATION SERVICES

TEi Struthers Services is justifiably proud of its skilled, certified technical force, which is capable of providing a full range of aftermarket heat transfer equipment services. Our versatility is expressed in our wide range of customers, who vary from the electric utility industry to heat transfer facilities in the paper, chemical, petroleum and metal process industries.

HEAT EXCHANGER SERVICES

Cleaning

- Projectile tube cleaning
 - Plastic scrubbers
 - Nylon and steel brushes
 - Metallic scrapers
- Rotary tube cleaning
 - Nylon and steel brushes
 - Metallic scrapers
- Chemical cleaning
 - Non-hazardous
 - Biodegradable

Tube Testing

- Eddy current inspection
- Acoustic eye
 - Acoustic pulse reflectometry
 - Fast non-invasive tube inspection
- Visual inspection
- Pressure testing
 - Hydrostatic
 - Pneumatic

Over 75 Years of Service Excellence

HEAT EXCHANGER SERVICES (CONT.)

Tube Plugging

- Explosive High Pressure Tube Plugs
 - Superior joint integrity
 - Tubesheet damage absence
 - Ease of installation
 - Used in the utility industry since 1971
- Pop-A-Plug® Tube Plugs
 - (3) piece all metal
 - Used in 85% of U.S. nuclear power plants

Tube Samples & Re-Tubes

- Tube sample removals
- Full or partial re-tubes
 - Main steam condensers
 - High & low pressure feedwater heaters
 - Lube-oil coolers
 - Moisture separator re-heaters
 - External drain coolers
 - Hydrogen coolers
 - Air pre-heaters
 - CCW heat exchangers

Field Installation/Construction

- Feedwater heaters
- Heat exchangers
- Steam surface condensers
- Steam surface condenser modular change-outs
- Moisture separator reheaters (MSRs)
- Petrochemical exchangers
