

# Babcock Power

## ONE SOURCE. MANY SOLUTIONS.

## COMPANY SPOTLIGHT

- Global, multi-product energy and environmental services company providing equipment, construction and services to the power and process industries as well as industrial and petrochemical industries
- Portfolio of products and services across multiple fuel types, including coal, natural gas, oil, biomass, and nuclear
- Recognized US market leader in environmental retrofit solutions, including construction, for power plants, heat recovery steam generators, heat exchangers, and boiler aftermarket services
- Sophisticated global sourcing network
- Strong US manufacturing shops in Missouri and South Carolina
- Over 100 years of experience and quality reputation in the power and process sectors
- Approximately 900 employees, including more than 150 engineers
- Headquartered in Louisville, Kentucky with regional and global offices

### Vogt Power International HRSG Equipment

- Heat Recovery Steam Generators (HRSG)
- Simple Cycle

- Turnkey Retrofits
- Inspections & Field Services

- Engineering Studies & Upgrades
- Replacement Parts

- HRSG Imtec Doors
- Hot SCRs

### Babcock Power Environmental Air Quality Control Systems (AQCS)

- Selective Catalytic Reduction (SCR)
- Regenerative SCR (RSCR)
- Flue Gas Desulfurization (FGD)—Wet & Dry
- Delta-Dry Sorbent Injection (DSI)

- Multi Pollutant Control Systems
- Evaluations and Process Assessments
- Aftermarket Upgrades
- Low Load and Cyclic Operation

- Particulate Removal Systems and Management
- Integrated Systems & Analysis
- Catalyst Management
- Upgrade Ammonia Systems

### Babcock Power Services, Boiler Tube Company of America (BTA), Riley Power Inc. Fired Equipment & Boiler Services

- New Utility Steam Generators
- Fuel Conversions
- WTE Boilers & Upgrades
- Burner Retrofits & Upgrades

- Pressure Parts Retrofits & Replacements
- Turnkey Replacements
- Boiler Condition Assessment

- Inspections and Field Services
- HARPS/Spiral Fin Tubing
- Weld Overlay
- In-house Fabrication

- Boiler Imtec Doors
- Mill Systems
- Fuel Delivery Equipment
- Rebuilds

### TEi Construction Services (TEiC) Construction Services

- Industrial Construction
- Maintenance Services
- Outage Services

- Electrical Services & I&C
- Heat Exchanger Services
- Repair & Emergency Services

- Open Shop Construction (USA only)

### Thermal Engineering International (USA) Heat Transfer Equipment

- Surface Condensers / Condenser Modules
- Heat Exchangers
- Feedwater Heaters
- Moisture Separator Reheaters (MSRs)
- Small Modular Reactors (SMRs)

- Gas Turbine Fuel, Gas Skids, and Heat Exchangers
- In-house Fabrication
- Data Center Cooling Solutions
- Struthers Wells®:
- Screw Plug Heat Exchangers

- Waste-Heat Boilers & Auxiliaries
- Process Heat Exchangers
- Solar Thermal SGS & MS Exchangers
- Fired Heaters

### Geo-Synthetics Systems Environmental Containment

- Liner & Installation Services

- Construction Materials & Fabrics

- Geotextile Tubes

### Renewable Concepts, Paradigm Power Delivery, Inc. Renewable Energy

- Wind Turbine Inspections
- Uptower Welding
- General Service

- Large Corrective
- Composite Repairs
- Fabrication Shop

- Break In Maintenance
- Substation/Switchyard Construction

- Transmission Interconnection
