# SUCCESS STORIES GEMMA POWER SYSTEMS, LLC

## NEW BIOMASS BOILER WITH AQCS

LOCATION WOODVILLE, TX, U.S.A. CAPACITY 49.9 MWG

## **UNIT DESCRIPTION**

Biomass Fired Boiler and Hydrograte Stoker Unit output Steam flow Superheater Steam Pressure Superheater Steam Temperature

49.9 MWG 431.4 kpph 1550 psi 955°F

## **PROJECT RESULT SUMMARY**

#### **Design and Fabrication**

- Sequenced deliveries to site within 18 months after receipt of order
- + Global resourcing
- + No significant quality or fit up issues during installation

#### Installation and Operation

- + Project completed & accepted two months ahead of schedule
- + Commercial operation 33 months after receipt of order

## **BABCOCK POWER SOLUTION**

- Use ACAD 3-D model for design, demonstrating an understanding of the scope, showing complexity of the components, creating an interference free design amongst multiple parties' work scope, and ensuring a constructible design facilitating installation
- Designed for constructability by involving EPC Contractor (Gemma) early and often during the design
- Utilize high capacity global resourcing for material procurement and fabrication

#### **PERFORMANCE RESULTS**

- + All performance guarantees were met
- All material was delivered ahead of schedule
- No significant quality or fit up issues during construction.
- Installation was complete ahead of schedule

# **PROJECT OVERVIEW**

Riley Power Inc. provided a complete biomass (wood) fired boiler with associated auxiliary equipment and AQCS Systems under contract with Gemma Power Systems, LLC for the end user, East Texas Electric Cooperative, Inc.

## Scope:

- + Engineering
- + Boiler
  - » Drum
  - » Waterwalls
  - » Gen bank modules
  - » Superheater
  - » Economizer
  - » Air heater
- + Intimate and suspension level steel design
- + Ductwork
- + Boiler piping
- + Fuel equipment
  - » Bins
  - » Distributors
  - » Grate
- + Aux equipment
  - » Blowers & fans
  - » Dust collection
  - » Steam coils

4

- + Instruments
- + Pulse filter baghouse
- + Dry sorbent injection system
- + Multi pollutant catalytic reactor
- + Aqueous ammonia system
- + Services
  - » 0&M manuals
  - » Training manuals
  - » Construction rep
  - » Startup / comm. reps incl. suppliers' reps
