

**TEiC****HEAT EXCHANGER
SERVICES**
a Babcock Power Inc. company

COMPANY OVERVIEW

TEiC Heat Exchanger Services, a division of TEiC Construction Services, a company of Babcock Power Services, provides a full range of heat transfer products and services, fully-trained and certified maintenance personnel, and operates with a mission of customer service.

TEiC Heat Exchanger Services provides unparalleled emergency repair services, utilizing a 75-year history in the design and manufacture of condensers, feedwater heaters and heat exchangers. Our code-certified welders and skilled technicians provide a wide range of emergency and planned services for ALL of your heat transfer equipment, regardless of make or model.

EMERGENCY REPAIR SERVICE

Our skilled technicians are available 24 hours/day, 7 days/week and 365 days/year to serve all your emergency services needs.

DESIGN, MANUFACTURING, INSTALLATION AND MODIFICATION SERVICES

TEiC Heat Exchanger Services is justifiably proud of its skilled, certified technical force, which is capable of providing a full range of after market heat transfer equipment services. Our versatility is expressed in our wide range of customers, who vary from the electric utility industry to heat transfer facilities in the paper, chemical, petroleum and metal process industries.
