

Riley Power

a Babcock Power Inc. company

Stretch Your Maintenance Budget

Riley Power's Blue Ridge Service Center offers the experience and expertise to rebuild and repair your power plant equipment. We are a leading supplier of quality parts and services and offer 100 plus years of rebuild experience. At our Blue Ridge Service Center, we offer the superior wear resistance of our DURATECH™ Tungsten Carbide Weld Overlay. It extends the life of grinding rolls with a 99.7% success rate against spalling. Our warranty guarantees double the life over regular high chrome overlay! Riley Power provides exceptional value and service to our customers.

CONTACT US TODAY at (800) 541-3843 for your rebuild and repair service needs.
