# OUTAGES... PLANNED OR UNPLANNED

WE'LL GET YOU BACK UP AND RUNNING!

**WHEN IT COMES TO STEAM GENERATORS AND RELATED EQUIPMENT**, TEiC Construction Services' trained and certified teams are maintenance and repair specialists for both planned and unplanned outages – one of the few contractors that can handle all phases. And, with their TEiC Heat Exchanger division, they offer a complete range of heat transfer products and services via a team of experts trained to deliver permanent solutions to customers' problems regardless of make or model... **24 hours/day, 7 days/week, 365 days/year**, including tube testing, tube plugging and retubing services. **In an emergency, you can count on TEiC to be there to get you back up and running!**

**For quality, safety and on-time completion, contact TEiC Construction Services at (864) 485-0600. For emergencies, call (610) 948-5400.**
