LONG TERM MAINTENANCE

TEiC has extensive experience in plant maintenance throughout many industries. We provide on-site crews either full-time or on an emergency basis, whether stand-alone, or supplemental to an existing maintenance crew. Partnering with clients allows us to work directly with their maintenance personnel in meeting long-term maintenance goals, while helping them achieve reductions in plant downtime and unplanned shutdowns.

NEW EQUIPMENT INSTALLATION

TEiC is your best choice for installation of new equipment. Because of our wide experience base, we can install virtually any type of OEM equipment, including boilers, scrubbers, SCR's, precipitators, and HRSG's. This range of knowledge and expertise allows our customers to receive superior installations for a wide range of equipment from a single contractor, with the confidence that their equipment will be installed properly at the outset.
